Two Boys Held For Burglary Of Lake Drug Store

Culprits Leave Prints On Transom Glass When Entering Store

Two 15 year old San Francisco boys are being held at Santa Cruz, charged, among other things, with the burglary of Jay's Tahoe City Drug Store early on Tuesday morning.

The two were arrested yesterday when police stopped them to investigate a bullet hole in the windshield of the car they were driving. Subsequently, officers declared, they admitted stealing the car on Russian River, driving it to Tahoe City where they broke into the store, later going to Carson City and then back to San Francisco and later to Santa Cruz.

The boys were identified as Edward Campbell and Gail Shirley. The bullet hole, they said, was caused when they were playing with a gun in the car.

The 8mm. movie camera and a 30-30 Winchester rifle taken from the store of Milton J. Shontz at Tahoe City were among other items found in the car, officers here were informed. Shontz reported cash totaling $779 was stolen. Police at Santa Cruz said they recovered $325 in currency and $137 in coin. The latter was wrapped in wrappers indicating they were from the Tahoe area.

Constable Harry Johanson of Tahoe asked Santa Cruz police to send fingerprints of the suspects to compare with those found on the broken drug store transom.

Fingerprints were found on the broken glass of a door transom which indicated the thieves were juveniles. Entrance was gained by breaking a transom glass after a paper rack had been used as a ladder. The family living upstairs over the store heard the breaking glass at 12:30 a.m. but believed it to be the owner.

Milton Jay Shontz, the store owner, said the cash was hidden in four places.

Thieves some time on Tuesday night broke into Coffey's Garage here, broke open the cash register and ransacked the office but so far as can be determined nothing of value was taken, Constable N. F. Dolley reported.

STOLEN VEHICLE IS FOUND PARKED AT COLD STREAM

Joseph Guisti, Truckee Southern Pacific employee, Friday found the stolen Hudson sedan belonging to James Purcell taken from in front of the latter's home here two weeks ago. The car was discovered near Cold Stream above Donner Lake.

A broken "piggy" bank, found in the abandoned car, taken in the robbery of the John Hedlund home near the Chinchilla Farm the same night the car was stolen led officers to believe that the same people were responsible for the two crimes.

Other home robberies, car pilfering and similar offenses here and at Lake Tahoe are being investigated by officers who advanced the theory that an organized group is perhaps responsible for the minor wave of crime throughout the area.

During the past few weeks there has been a lot of talk locally and nationally about juvenile delinquency but as usual the matter has ended where it started—with talk. There seems to be a general tendency to accept the crimes as childish pranks and to shrug the whole thing off as something of little consequence and about which nothing can be done, other than providing side-of-mouth gossip. There must be an answer to the trend but whether it will be provided by the home, school, police or church, we cannot say. We do believe, however, that a considerable shifting to the religious side would go a long way toward providing a basis for solution. We are not referring to the drum-beating, Psalm-singing type of religion but rather to a sense of normal decency as prescribed by the heart, a respect for the better things of life and a turning to the Golden Rule. It's well enough to say "kids will be kids" but burglary, car theft, drunk driving and rape are not childish mischief and unless we seek and find a means of ending the current trend toward lawlessness and provide the ways of wholesome living for the young men and women we will regret our negligence. The problem is unquestionably one for society as a whole, perhaps through coordinated effort by home, school, church and authorities but somewhere a solution must be found—and soon.

Sales Faces New Charge In Local Gun Play Case

Gaiennie Cast As Hero In Tussle for .32 Monday Eve

A preliminary hearing for Walter A. Sales, 38, a former Truckee Southern Pacific fireman charged with carrying a gun while being an ex-convict, has been set for Monday afternoon at two o'clock before Justice of the Peace R. N. Little.

Sales was arrested Tuesday morning by Constable N. F. Dolley and Deputy Sheriff Fosten Wilson after what officers said was Sales' third attempt to kidnap Mrs. Mary Giovannoni, Truckee housewife. He was picked up early in the morning while attempting to hitchhike a ride to Reno following a gun-waving fight in the Giovannoni home here the evening before.

Frank Gaiennie, superintendent for the Sierra Pacific Power Company and neighbor of the Giovannonis, proved himself some what the hero of the affair.

According to Dolley, the incident occurred as follows:

Mrs. Giovannoni returned to her home alone about 9:15 Monday night. As she switched on the lights, she saw a .32 calibre automatic on the floor. Knowing it did not belong to her husband, she became alarmed, went next door and aroused Gaiennie, who returned to the Giovannoni home. The two turned on all the lights in the house and upon entering the bathroom, Gaiennie was confronted by the intruder who leveled the weapon at his head.

Gaiennie leaped at Sales, grasping the automatic, which was fully loaded with the safety off. The two struggled and the former finally obtained the gun, Sales running through the rear door.

Dolley and Wilson were called and made a search of the neighborhood. They learned from Dr. L. D. Nelson, who was returning from a call to a Reno hospital, that a man answering Sales' description was attempting to hitchhike on the Reno road and the three drove to near the Flycasters where they spotted the suspect sitting on a rock. He was returned to jail in Truckee, refusing to discuss the affair with the officers.

Sales was sentenced to San Quentin March 17, 1947 following a trial in which the backdrop was that of a tempestuous romance, at least on Sales' part, gunplay and jailbreak. He was accused of escaping jail while awaiting trial for attempting to kidnap Mrs. Giovannoni. He returned to Truckee at that time and again was accused of forcing his unwilling companion to accompany him on an auto trip. Mrs. Giovannoni managed to escape from the car near Colfax and returned home.

Previously Sales served two months of a six months sentence for threatening Mrs. Giovannoni with a gun while she was employed at the SP roundhouse here.

Sales was paroled from prison only recently and had been living in southern California.

These folks mean business for the West... Pacific Telephone people receive pay adding up to $19,000,000 a month.

Telephone paychecks also come to you

1. Timber . . . paper . . . copper—we have to buy many things to build and run the telephone system. Last year Western Electric, our principal manufacturer and supplier, bought over 20 million dollars worth of materials in the West. More than half of each dollar we take in goes for employees. Most of it is spent and goes into circulation where they work and live.

2. More than 80,000 of those whose savings built the business . . . who own telephone stock . . . live in the West. In return for the use of their money, a few pennies of each telephone dollar go to them. And as they spend it, they also add to Western prosperity. It would probably be hard to find anyone who does not in some way benefit from the money we spend.

3. When you add it all up, you find the money you spend for service comes back, in large part, to you. And your telephone dollars are buying more service than ever. Today you can call more of the people you want to call . . . more can call you. And your telephone still does its jobs for only a few pennies a call.

Tahoe Letter

FROM SWANEE

Tahoe City, Oct. 10

Dear Tahoeites:

Last Friday wind, hail, rain and snow fell here with Mr. Frodenberg's indicator showing 1¼ inch of snow on the ground early Saturday. The mercury plunged to 23 above on the 7th and warmest days of the week were the 3rd and 4th with 73 degrees. The lake level today was at 6223.89 with 80 CSF leaving the dam in town.

Mrs. Dorothy Johanson, her infant son and parents, Mr. and Mrs. Henry Zacharias of Sacramento arrived back at Tahoe City over the weekend and Mrs. Johanson has resumed her position as teacher in Tahoe Lake School. Miss Edna Lardner, who taught during Mrs. Johanson's absence, has returned to her home at Penryn.

Mrs. Stella Watson has been appointed chairman of the Placer County branch of the American Cancer Society at Lake Tahoe. She is donating her time and effort to this worthy cause, having volunteered her services.

Clarence Beavers of the Tahoe Park Forest Service Station warns Tahoe residents that until the end of the fire season is officially announced all those desiring to burn trash, etc., must have a permit. Burning is permitted between 7 p.m. and 7 a.m. Danger of fire is not past, according to Beavers, and all are urged to exercise utmost care in the forest.

For all Tahoe area residents who are interested in a good, old fashioned turkey dinner with all the trimmings, the Women's Club of Tahoe will sponsor such a feast in Tahoe community hall on October 20 and everyone is cordially invited to attend. A fine meal and pleasant evening is assured all who come.

The Lake Tahoe Ski Club met in Tahoe community hall Friday night. Refreshments were served by Mr. and Mrs. Floyd Carnell and Mrs. Eunice Henrikson. President G. D. Waters wants a full attendance at the October 14 meeting at which a vote will be taken on important matters of club policy regarding the club's ski hills.

Charles Swanson to Tahoe City observed his birthday on October 10 and James Wilson of Tahoe Cedars became a year older on October 12.

Mrs. G. D. Waters underwent a tonsilectomy in the Tahoe Vista Clinic on October 5 and is recuperating at her Tahoe City home. Guests of the Waters over the weekend were their sons-in-law George Marshall and Bud Eason of San Francisco. Both had some luck fishing the Truckee River, their catch totalling nine trout, the largest 14 inches in length.

Dr. and Mrs. George Clarke of Lake Forest have joined the trailer dwellers and have gone to Reno to join a trailer house community to determine what they need in the way of comforts before starting a cross-country tour which will take them to Florida where they plan to visit around Christmas with his mother.

Mrs. Bernie Bechdolt was honored last Thursday night with a surprise pink and blue shower at the home of Mrs. Mary Ann Connors with Mrs. Beccy Shontz as co-hostess. Several games were played prior to the opening of the many lovely gifts and tasty refreshments were served later. Guests who participated included Mesdames Violet Pomin, Jean Henry, Margie Smith, Gladys Quam, Doris Clark, Jackie Randolph, Martha Snyder, Lenora Bartell, Helen Mattheus, Margie Fellows, Barbara Spitsen and Mrs. Basil Kehoe Sr.

One of the last to leave Timberland for the season this year was Mrs. Isabella Ray who left for her Woodland home after closing the Kelley-Ray summer home. Her son-in-law and daughter Mr. and Mrs. Matthew Kelley and sons enjoyed much of the summer with her.

Guests at the home of the Jake Stuarts in Lake Forest over the weekend were Mrs. B. A. Peters and children Virginia and Dick of Auburn.

Summit Scene

by FRAN COUILLARD

If you want an agreeable surprise, enter Beacon Hill Lodge and look out the windows that face the river. You will see a huge excavation entirely lined with rock and begging to be filled with water for aquatic sports lovers. Guess we won't have any water in it this winter for it has not quite reached that stage but we'll bet when next summer rolls around you will be driving to the be swimming pool in these parts. Another thing, hear that same is to be heated.

We had a tri-stork dance for Barbara Zorich, Betty Aro and Margaret Merrill. It was a bang up affair. Each prospective mother had her own table under a ruffled crepe umbrella, each table loaded with gifts. Sixty mountain ladies came to the wing ding. Newcomers came to meet their neighbors and old residents acted as hostesses. Official hostesses Betty Horak, Eve Donadio, Dorothy Barber, Wanda Misener, Peg Travis, Madylon Walton, Rita Vail, Nat Williamson and ourselves waited on table, dispensed punch and ran from club room to dining room seeing that the thing ran smoothly. Two huge booties on the buffet table held Lola Schull's beautiful flowers which were skillfully and gorgeously arranged under the deft fingers of Rita Vail. The tiny booties that were place favors were practically all made by Dorothy Barber, while Betty Horak and Wanda Misener ruffled the yards of crepe paper that went to adorn the parasols.

Pat Bowman and Mrs. O. Tiffee, teachers of the Donner Trail Elmentary School, are coaching the youngsters in civic education. One of the field trips included a visit to the Fraley building at Soda Springs where Postmaster Art Couillard instructed the little tots how to put a stamp on a letter and George Fraley explained the running of a grocery store. Since then, Pat Bowman tells us, the youngsters have made a mural of the post office which adorns the school walls. We have been invited to see the mural and believe me we shall take advantage of the Summit Art Gallery. Since the trip Fraley and Couillard have received thank you letters from the youngsters which they treasure greatly.

The Hotel Soda Springs is blossoming out with a redecoration job in dining room, lobby and cocktail lounge. Swinging a paint brush over the heads of guests is Ernie LePire who is doing a grand job. Dining room is a pale leaf green, lobby a soft golden yellow, bar brilliant blue.

Saw Nell Gram, postmaster of Gold Run, having dinner at Donner Summit Lodge with friends the other evening. Nell looks fine and came up to see all her old friends.

Art Couillard traveled to Sacramento last Sunday to attend a district meeting of postmasters.

Bill Rutherford journeys to Stockton to visit his mother who is recuperating from her long illness, thence to San Francisco to attend a hotel men's convention.

New officers of Donner Summit American Legion Post are Bert Barber, commander; Elmo Moriano, 1st vice; Henry (Snuffy) Piche, 2nd vice; Charles Vind, adjutant; James (Bud) Horak, finance officer; Bill Rutherford, service officer; Parley Merrill, chaplain; Jack Hogue, sgt.-at-arms; Edvi Aro, historian. Executive board: Bill Vail, Bob Masterson, Elmo Moriano, Kay Jansen and Bill Rutherford. Christmas trees, wholesale and retail, for the building fund is the current project. Barber leaves for Sacramento Friday for dedication of the new $100,000 Manhart Post 391 and thence to the Legion district meeting at Rio Linda.

Donner Summit Lodge was the scene of a combination birthday and anniversary party last Monday evening. Mr. and Mrs. Jack Ellis of Truckee were 7 years married and Mrs. Kenneth Headlund the birthday celebratee. The other guests were Messrs. and Mesdames L. Vertner, Paul Archer, Loren Russell and Cliff Ellis.

Little Wayne Hulse, whose parents keep themselves in a large trailer house while Papa runs a sawmill back in the pines, had his third birthday. For guests he had Denise and Duffy Merrill and Rickey Misener. For entertainment he played his collection of children's records on his little phonograph. For refreshments his mama made huge oatmeal cookies which she frosted and made charming little faces thereon. George Fraley complimented by sending a large bag of fruits, cookies and candies to Wayne.

Dennis and Muriel Jones will leave the mountain for a few days to attend Paula Prom's wedding in Sacramento.

All forces have joined to help the engineers doing the steel work on thee double chair lift on the Soda Springs Ski Hill. Those employed by the Soda Springs Ski Corporation in any other capacity have been drafted by the engineers so that the lift will be completed before the first heavy snow falls.

See Glen and Velda Parsons driving a new Packard station wagon and Doris and Brant Chaplin of Rainbow turned in all their cars on a beautiful new station wagon too.

The Winter Sports Committee. meets this Friday evening to plan In the past lots of publicity has been lost because photographs could not be printed and sent to metropolitan newspapers while news was still hot. This year Kay Jensen has solved that by setting up a complete dark room in a garage at Donner Summit Lodge that should expedite sending of photographs of events.

Squaw Valley Ski Club Seeks Admission to Far West Ski Association

TAHOE CITY— Alexander Cushing, secretary-treasurer of the Squaw Valley Development Company, this week announces that application has been made to the Far West Ski Association for admission of the Squaw Valley Ski Club to membership. Wayne Poulsen is listed as first president of the new club.

Cushing will move his office to the Alpine Village at the valley by the end of this week, according to present plans and Howard O'Hagan, the new publicity manager, has arrived to take over his duties.

The world's largest double-chair ski lift will be ready for operation on November 5 and official opening of the resort has been set for November 23. For two weeks, beginning about November 7, several groups will be invited to visit the resort as the guests of the management. These will include magazine and newspaper correspondents, county and state officials and many big names in winter sports.

Temporary telephone arrangements will be furnished by the Pacific Telephone and Telegraph Company and six pay phones will be installed before the winter season gets rolling.

According to Western News Service, the state board of equalization has approved issuance of a quarterly on sale beer and wine and a quarterly distilled spirits license to the Squaw Valley Development Company.

Burney Basin Residents Ask for New County

McARTHUR (Shasta Co.)— California may get a new county if residents of Burney Basin have their way.

A joint meeting of the Fall River Valley and Burney chambers of commerce and representatives of the Dixie Valley-Little Valley area and of Bieber, scheduled for October 17 here, will hear a report by a nine-man committee which in investigating legal intricacies of secession from Modoc, Shasta and Lassen Counties and creation of the new Burney Basin County.

The area is bounded by mountains isolating it from the county seat and the group is discontented with road appropriations and general treatment it receives.

Under the state constitution, no county may be formed with less than 8000 population. This is reported to be about double the strength of the rebel group, although spokesmen declare 98 per cent of the residents of the area favor the secession move if legally possible.

No new county has been formed in California since 1907, when Imperial County was organized.

In addition bidders are requested (but not required) to supply an estimate of the total net interest cost to the District on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the District.
